

Dearman Sleeve Clamp

Introducing a safer, quicker and more precise solution for installing pipe half sleeves – Dearman Sleeve Clamps. Using our industry-leading clamping technology, these extreme duty clamps provide virtually 360 degrees of uniform clamping pressure for perfect fit-ups. All models feature 2-speed hydraulic hand pumps for quicker installation time and highstrength modular design for safer handling. Choose from 4 models of clamps for your specific need and application - 5,000 PSI or 10,000 PSI of clamping pressure and 10" to 24" or 10" to 48 " range for sleeves up to $\frac{3}{4}$ " (19mm) thick. All clamps include a rugged steel transportation and storage box.

FEATURES:

- **SAFE** | No unstable bottle jacks to suddenly slip and disengage
- **PRECISE** | equal clamping force provides better fit-up
- **EASY TO HANDLE** | engineered to be installed by one person
- **ADAPTABLE** | fits a wide range of pipe sizes and sleeve thicknesses
- **DURABLE** | Rugged corrosion-resistant construction for years of use

Sleeve Clamp Includes:

- Nickel plated carbon steel duplex roller chain (DB models) or Nickel plated carbon steel leaf chain (DC models) for pipe size range
- High strength stainless steel Main Block with hydraulic cylinder
- 2-Speed hand operated hydraulic pump
- Heavy duty transportation and storage
